(PrincipalModern Public School)

Modern Public School, Kanpur Road, Jhansi was established in 2005. It is affiliated to the Central Board of Secondary Education New Delhi, which is the largest education board in the country and is duly recognized by Department of Education, Govt. of NCT Delhi and the Ministry of HRD, Govt. of India.

Life at Modern Public School Centers on a shared commitments to academic excellence, intellectual growth, art, athletics, high standards of ethical awareness, sportsmanship and community service. Depth and variety are added to each student's life by the school's traditions and accessibility to a broad curriculum.

At Modern Public School education is for life, excellent in education and commitment to a meaningful education is of prime importance. Quality education is provided to each and every child. Modern Public School Jhansi believes that love for education should be developed for children in initial years and conditions should be created for them to pursue a positive approach in life.

A unidirectional teaching method is being increasingly substituted by a multidirectional group workshop method. Here the teacher becomes the group coordinator initiating work, nurturing students without expression is emphasized upon. Home assignments are not a carry-over of class work but oriented towards developing individual talents.

At Modern Public School every student is special. The talent, skills and the abilities of each student is identified, nurtured and encouraged to reach greater heights. There is openness and room for parents to participate in the welfare and growth of their wards. MPS provides space for children to think, express, exhibit their skills and also empower them to negotiate several issues that confront them – the teacher being a facilitator. Faculty at MPS is highly dedicated, globally exposed and well-experienced to guide the destiny of the younger generation.
