# About us

# **Modern Public School**

Modern Public School, Kanpur Road, Jhansi was established in 2005. It is affiliated to the Central Board of Secondary Education New Delhi, which is the largest education board in the country and is duly recognized by Department of Education, Govt. of NCT Delhi and the Ministry of HRD, Govt. of India.

Life at Modern Public School Centers on a shared commitments to academic excellence, intellectual growth, art, athletics, high standards of ethical awareness, sportsmanship and community service. Depth and variety are added to each student's life by the school's traditions and accessibility to a broad curriculum.

At Modern Public School education is for life, excellent in education and commitment to a meaningful education are of prime importance. Quality education is provided to each and every child. Modern Public School Jhansi believes that love for education should be developed for children in initial years and conditions should be created for them to pursue a positive approach in life.

A unidirectional teaching method is being increasingly substituted by a multidirectional group workshop method. Here the teacher becomes the group coordinator initiating work, nurturing students without expression is emphasized upon. Home assignments are not a carry-over of class work but oriented towards developing individual talents.

At Modern Public School every student is special. The talent, skills and the abilities of each student is identified, nurtured and encouraged to reach greater heights. There is openness and room for parents to participate in the welfare and growth of their wards. MPS provides space for children to think, express, exhibit their skills and also empower them to negotiate several issues that confront them – the teacher being a facilitator. Faculty at MPS is highly dedicated, globally exposed and well-experienced to guide the destiny of the younger generation.

#### **VISION & MISSION**

#### **VISION STATEMENT**

"Without a vision, the people perish." (Proverbs)

Our vision is to empower students to acquire, demonstrate, articulate and value knowledge and skills that will support them, as life-long learners, to participate in and contribute to the global world and practise the core values of the school: respect, tolerance & inclusion, and excellence.

#### **Mission Statement**

Fostering strong belief in God and a sense of gratitude towards him.

Encouraging our students to aim higher and achieve his/her goals in the best possible way.

Igniting the fire of curiosity in young mind and inspiring them to scale greater heights of success as embodied in the school emblem.

We ensure an attractive, well resources and up to date educational facility.

Our learning environment fosters academic excellence & enhances student's personal development.

## <u>Chairman's Message</u>

Education is one of the most important factors for the progress of the society and nation. It is one of the best means to build a healthy and wealthy society. We know that our society has a lot of shortcomings like communal hatred, violence, oppression, corruption and so on and so forth.

Therefore it becomes our utmost aim to impart not just academic knowledge to our students but inculcate in students the wonderful ideas of love and compassion, service and sacrifice, honesty and hard work, sense of responsibility, respect and regards for our elders, humility and above all have faith and trust in God.

Today the greatest need of our country is to have loving, honest and dedicated people who will illuminate this country with their knowledge and understanding. Our need is to have good and inspiring leaders. Today's students will grow up to be tomorrow's leaders.

Students are just like a block of marble, it is the sculptor who chisels and gives shape to the marble block, polishes it and converts it into a beautiful piece of art. If students are given right directions, opportunities and encouragement they will certainly shine in future.

Hence we at our institution the management and staff together with parents have the responsibility in attributing meaningful education to students and help them to stand out in whatever field they choose.

My personal supervision and encouragement will always be for the entire staff and students of this institution and hope we shall be able to transform this nation into a great and the best place on earth.

May love, peace and harmony always be with us and every one.

Chairman Capt. A. Vishwanathan

# **PRINCIPAL'S MESSAGE**

"We cannot always build the future for our youth, but we can build our youth for the future." Franklin D. Roosevelt

These words by Franklin D. Roosevelt perfectly describe our aim at Modern Public School. Beyond providing a sound education, we wish to provide our students a holistic learning experience for life. Our aim is to teach students to LEARN, not just STUDY. Hence, we strive to travel beyond the boundaries of mere books. We have realized that the future is abstract and unknown but the youth in our hands are real and can be moulded.

Dear students, "You are the nation-builders. You are the movers of technology. You are the agents of change." It is our fervent hope that the years that you spend at Modern Public School would enable you to equip with leadership and managerial skills. The knowledge that you will gain, the fine qualities that you will imbibe and the technical skills that you will learn to apply will be your major contribution to your parents, to society, and to the nation.

We invest our trust on you. You are our safe source and we bank all our efforts on you. We create not the future instead we craft you for the future. There are strong challenges to great efforts but, always remember, great effort bears the sweet fruit of success. We want you to taste the fruit of success once and for the rest of your life, you will never rest.

As a premier educational institution, we are known for creating our own benchmarks and elevating ourselves to higher planes. This practice has made our group schools, the centers of excellence. However learning, evolving and effort will never cease.

#### Dr. Rohin Vishwanathan

#### **Class Room**

Spacious well-ventilated classrooms with natural light, provide a conducive environment for learning. Every classroom has broadband connectivity, audio-visual facilities, public address system, display boards, lockers for students, and ergonomically designed age-appropriate furniture.

All the classes equipped with the CCTV Cameras

### Laboratories

Education as a process has acquired a new dimension with the application of technology in this field. By demonstrating various experiments, scientific concepts are made easily understandable to the students. Catering to the demands of new generation students, MPS Jhansi has arranged a full- fledged physics lab which accommodates more than 40 students at a stretch. We have facilities to carry out experiments based on Heat, Electricity, Mechanics, Magnetism which enhance the scientific knowledge and create an atmosphere of scientific thinking among students.

### Library

School has a well-stocked Central Library with 20000+ books of every genre for students. Students can issue any book as needed. Library is managed electronically so that the books can easily be traced if misplaced. The library aids in the honing of a learner's speaking and reading skills. Not only that but also the various reading competitions also help students acquire awareness and confidence in public speaking.

#### **Dance/ Music Facility**

MPS has a very well equipped music room. From a piano to guitars both acoustic and electric, keyboards, tabla, harmonium, veena and a drum set that can bring the roof down - we have it all. The school has a choir and a band which represents the school at various occasions. There is adequate space to train about 20 to 25 students in music and dance at a time.

### **Sports**

Sports is not a free period, but a curriculum for a Active student Life. We encourage more and more children to play as we understand only a physically fit mind can reside in a Healthy Body.

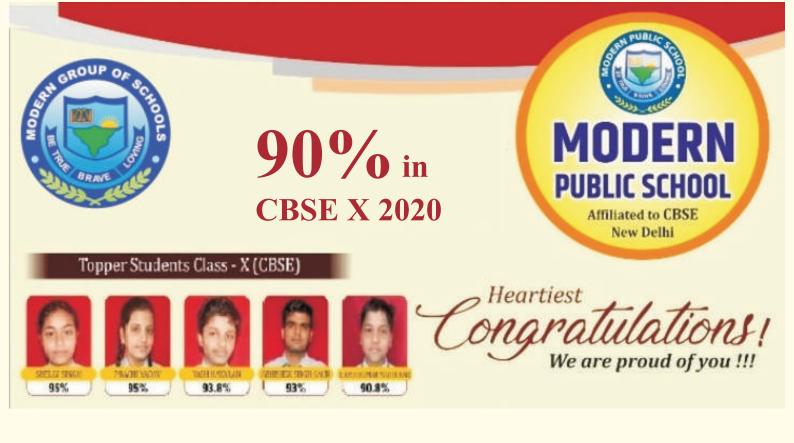

#### **Play Ground & Indoor Games**

The School has a well-laid, lush green playground, a multi-purpose court and an indoor sports complex for various sports and games such as football, athletics, basketball, lawn tennis, volleyball, table tennis, chess, carrom, etc. Apart from organising regular physical education classes, these facilities are also used for providing specialised coaching to students in various sports and games.

# **Parents Feedback**

Though these online classes were unplanned and unaccounted for you all have executed them so well. My child is always excited about these online sessions. As parents, this has given us the opportunity to experience and see what our children are learning through these interactive sessions. We all are very happy and thankful for the stupendous amount of effort put in to mitigate the challenges during the lockdown.

We are new to `Modern Public School and so far we appreciate the great patience shown by the teachers when dealing with the children at this time. We know that this transition to online classes has been a challenge for all the teachers but they have exceeded all expectations. Whether it is ensuring that no child is left unattended to sending reminders to the parents, they have been completely hands-on in the virtual sense.

Hi, I would like to say a big thank you to each and every teacher at Modern Public School for ensuring that our children's studies have not been impacted because of the lockdown. It was overwhelming to see how quickly and efficiently the new way of learning was adopted by the school and not only this, the entire parent community was also made comfortable. During the online sessions each and every student was given a chance to speak and express themselves, and more importantly the all feedback was handled positively.

We thank all the teachers for putting such immense effort into the online sessions. (Student Name) has been able to adjust well, thanks to the patience of her teachers. The faculty has been making sure every child is comfortable with the technology and receives their complete attention. It really is a commendable effort by all of them. I personally feel very satisfied and happy with the online sessions because

Online class is a new concept for all of us during tough times of lock down and COVID-19 widespread. Interaction of students and teachers have been evolved over the continuous efforts put forward by the teachers and students for the online classes. Punctuality and Dincharya is also maintained as per the timings of the classes.Online classes have flexible studying hours and test and revision processes through various online platforms Zoom and Google Classroom. The classes are conducted with regular intervals to ensure the safety and healthy use of technology and for the imbibition of knowledge and for strain and stress free proceedings. Also the access to extra knowledge through vast internet is never too quick to pick up.

Nursery - Thank you for all the help and hard work. My son has really enjoyed learning and playing and has come along very well. He loves singing all the songs that help him with his phonics. We look forward to learning along side the children in the Reception class next year. Thanks again to all at Gade Valley School.

Receiving texts to tell us about positive things our children have been doing is brilliant. Sometimes the children forget to tell us all the things they have been up to in school so the texts, newsletters and class updates are brilliant. Well done!

Ma'am my experience was really interesting, though there was some difficulty in the beginning but that too was recovered after some time. I just want that studies should be continued like this. Good initiative by school!
